¹ According to the new urban definition, the urban population comprises persons residing in urban territory but not necessarily in an urban place, which is defined as an incorporated place of 2,500 or more, or an unincorporated place of 2,500 or more located outside an urbanized area. Under the old definition, incorporated places of 2,500 or more and places urban under special rule are classified as urban places. In Arizona, there were no places urban under special rule.

² Includes 84,746 persons in urban territory outside of urban places.

PHOENIX URBANIZED AREA MAP

The Phoenix Urbanized Area, for which statistics are shown in table 9, is depicted in the following map. The shaded areas, in combination, comprise the urbanized area. To assist in locating the exact external boundaries of the area, each boundary feature (street segment, political boundary, or other) has been assigned a number. The boundary segments thus numbered are shown on the map and the features to which they apply are presented in the following key.
